Dear Parent/Carer,

Swansea High School aims to provide a challenging curriculum that maximises the learning outcomes of high potential and gifted students. We will be offering an academic enrichment class, called Learning Extension at Swansea (LEX@S) to high potential academic Year 7 students in 2023. We are looking for innovative and creative thinkers with excellent problem-solving skills. Students will have the opportunity to learn in a challenging environment alongside students of a similar ability. In differentiating teaching programs, our teachers will incorporate a variety of strategies designed to cultivate critical and creative thinking skills and promote learning growth in all students.

Admission to the Year 7 LEX@S Class 2023 will be based on the nomination form with portfolio submission, liaison with the primary schools and placement test. If you have any enquiries, please contact Adam Young at Swansea High School on 02 4971 1944 or adam.young@det.nsw.edu.au

Yours sincerely,

Andrew Pesle
